

DO YOU WANT TO MAXIMISE THE IMPACT OF YOUR PHILANTHROPY?

Innovative and impact driven grant makers are increasingly leveraging their investments by coupling direct grants with strategically delivered capacity building support. With many social purpose organisations under-resourced and reliant on direct grants for personnel and programs, assigning additional, earmarked funds for capacity building is a powerful and cost-effective way to create a significant and sustained impact.

WE CAN HELP YOU AMPLIFY THE IMPACT OF YOUR GRANTS THROUGH STRATEGICALLY DELIVERED CAPACITY BUILDING SUPPORT.

The Social Impact Hub has extensive expertise partnering with foundations to deliver capacity building support to grantees. This can take multiple forms including mentoring and coaching, developing bespoke Growth & Impact Action Plans and providing tailored expert advisory services.

The Social Impact Hub helps foundations and funders deepen your impact by building the capability of social purpose organisations that you support. Our pioneering "wrap around" support enables you to maximise your resources and giving power by transforming your grantees' capacity to deliver on their missions. Having supported over 200 social purpose organisations to bolster their organisational performance, resilience, adaptability, innovation, growth, sustainability and impact, our work is proof that investments in capacity make a meaningful difference.

Since 2014, we've been helping social purpose organisation design, demonstrate and scale their impact through advice, education, mobilising capital and ecosystem building. A unique aspect of our approach is our Professional Impact Network ('PIN'), comprised of over 65 highly experienced business and impact leaders, consultants, entrepreneurs and investors who work with us to deploy their expertise for the benefit of social purpose organisations. PIN members offer high quality support and advice to social purpose organisations and come together to build a body of best practice for the impact sector. The Social Impact Hub Foundation has DGR1 status and can receive tax-deductible donations.

Our capacity building services are customised to meet the needs of both funders and grantees. If you'd like further information, please get in touch with our Collaboration Manager, Jay Boolkin, on jay@socialimpacthub.org or (02) 8957 4978.
